Executive Summary of the Paper:

Title: MUSLIM ENTREPRENEURSHIP AND GLOBAL HALAL BUSINESS OPPORTUNITIES

7 billions human heads and seven continents of livelihoods stretch in the all in the means of this world and differing in culture, values, lifestyle & more. Millions of needs, requirements and everything turns a business opportunity to serve. It is an inevitable benchmark to assure the quality, standards, origin of the every commodity, benefits of the consumption, that is in the market now due to its critical manufacturing process, unethical business practices, and ever-increasing health concerns, this is the center of demand where the high standard of practices called "Halal" plays a major role in the market, which assures all the desired standards and quality. This makes the millions of business opportunity in the spread across market now, especially to the younger generations to take the lead now as a responsible entrepreneur. It was the golden era of the muslims who had lived till eight hundred years before and spread across the geographies served the foundation and pioneered this century's growth in all the fields includes medicine, management, astronomy, biology, surgery, education, architecture, physics, chemistry, mathematics, geography, trade and what not ? All are from the muslim community and pioneered, now the entire section quite dormant for the past eight hundred years, left none with the modern contribution, we remains the biggest consuming consumer rather than a producer of worthwhile products. Lack of education and proper guidance made the path of better generation harder. Investment and Resources and available in plenty but the responsibility and accountability lacks to optimize the utility. "Self Help is the Best Help", This space requires inception of our own entrepreneurs in all the possible fields of business with the proper support in the means from the community with special ready projects compliant with present modern business standards. "Hmart", "Nawabs" are the few global initiatives of United World Halal Development, Singapore, aspired to create the young muslim entrepreneurs that needs to be equipped by the modern lab facilities, proper islamic microfinance, support from ulamas and entire community support by identifying the right individuals in long term. "Truly, God does not change the condition of a people until they change what is in themselves" - Sūrat I-ra'd 13:11"
